Fashion, Home + Interiors

Introducing

210 New Colors in Paper!

Now available in paper, our 210 new shades for FASHION, HOME + INTERIORS palette feature the most sought-after colors of today and tomorrow.

New colors inspire new ideas. The 210 new colors range from the blackest of black to the most brilliant white. With color trends constantly shifting and redefining themselves, our collection of 210 new shades gives you a greater range of creative expression and ensures that your color palettes are fresh, modern and relevant.

Our Fashion, Home + Interiors products are designed to meet the needs of the textiles, fashion accessories, home furnishings, hard home, leather goods, cosmetics, products, paints and interiors industries, and more.

Our colors on paper, available in Color Guide fan deck and Color Specifier chip formats, are ideal for non-fabric materials and applications. The collection of the 210 new colors is selected to represent the best of globally evolving color needs for the Fashion, Home + Interiors market.

New eco-friendly Pantone Color Formulas!

This new edition of the Fashion, Home + Interiors paper formats was created from new, more Earth-friendly formulations to remove lead chromate from the colors. Because new reformulations have been introduced, the suffix has been changed to identify the new version of the product. The new suffix is **TPG** (Textile Paper – “Green”).
